Dear Governor Haley,

I don't have a lot of time to spend on giving you all the details about what I'm writing to you about. I've got to cut it short so I can help my mom clean and decorate for the Thanksgiving and Christmas Holidays. My sister and her family are coming up from Alabama.

I contacted your office last week and told your secretary I needed to speak to a staff member about a delegation of your staff taking a gift to the congregation of Emanuel AME Church in Charleston where the shooting of the Charleston nine. She forward my call to Nicole to set up a meeting with you ~~are~~^{of} a staff member. I have not received a call from your office so that is why I'm writing today. I want you or members of your staff to deliver my gift called Victory in Jesus Christ.

I asked one Church in Greenwood, The pastor of the church said, NO! same God, but different religion. I asked someone from a Church in Saluda several months ago. I have not heard from this person or the church so I take that as a NO! answer meaning we're not interested. WOW! I thought taking down those flags and distroying verything about Southern history was suppose to correct all that, but I guess I was wrong.

I also sent a certified envelope to the University of South Carolina asking AD Mr Ray Tanner to ask the Equine Coach and her team to deliver the Jesus Christ Trophy and guess what? It was sent back to me Return To Sender Unable to Forward! The man that delivers our mail rang the door bell to get my signature for the package said, Sir if I was you I would take that back up there and ask them why it was not delivered? Everybody knows where USC is in Columbia. You paid to much to get that delivered and it end up coming back to you! I told him I would look in to why it was not delivered and thanked him for his concern.

I did call the Athletic office and she said there was no reason why it should not have been delivered. Even if a street name is misspelled on the address it still makes it way to our office. She said something is going on with the Post Office service! You need to contact them!

Governor Haley I don't appreciate this at all. I spend my time and money to make these communications and I'm getting very disgusted with these negative attitudes. I'm to the point I just don't want to try anymore. I guess you know It's been a while since I wrote to you about any issues I'm concerned with! I'm just ready to call it quits and go on with life and let others take the lead or not take the lead I'm just a little discouraged with the whole situation.

I'm sending you copies of everything that was in the envelope sent to USC. I even asked Mr Tanner to please call my football coach, Coach David Mote about helping our football team become successful. Coach Mote was a good play designer and I'm sure he could help our team become successful on and off the field. I talked with Coach Mote this past Summer and asked would he be willing to help them and He said, Yes! He even has plays from the Mooney Player days that could be used today.

Governor Haley They've got problems they don't even know they got. I expressed my self about that in the letters to Mr Tanner.

I guess I should tell you that I've contacted the school twice that someone maybe write or emailing negative remarks to Coach Dawn Staley under my name I think that may be why my Mail was returned to me. This person is very jealous he knows I've been writing to coach Staley and he's trying to make me look bad in the eyes of USC Athletic department plus he wants to get me introuble with the University. If I ever find proof he's doing this it's going to be me and him in the court room I'm sick and tired of being picked on by stupid people wanting to stop or slow me down. Enough is enough! After reading what happen to the Gamecocks against the Citadel there future don't look good in football at USC, but I can't help because nobody will listen to what I have to say about what I know is the truth. Thank you for your time and consideration. May God bless you always!

Sincerely,

Richard M. Witt
