Dear Director Forkner:

I have received your letter supporting our effort to include Calhoun County in our PACE service area. As stated in your letter, we are requesting no additional census above that currently approved by the State. We will begin our work with George Maky of your agency to submit the appropriate application to both the State and CMS for approval of the expanded catchment area.

Moving into Calhoun County will provide a much needed service for residents of that County and is consistent with the many joint operations between Orangeburg and Calhoun Counties.

Thank you very much for your prompt response on this matter, and we like you, look forward to serving Calhoun County with an option to long term care. It is a win-win for all. God Bless.

Yours truly,

  
The Reverend James R. McGee  
CEO/President
