PLENTY OF CAMPSITES available this weekend at Little Pee Dee State Park. It's a great stop on your way to or from the Grand Strand area! Also, a Regal Moth was found on the park this week. Come out and see what you can discover! For more information:

Diane Gore Jones I wish SC state parks would post more pictures of each park and campgrounds of each state park, especially if you have never been to a particular park/campground.

Ann Klein yes without my gps I don't think I would be leaving the house much for fear of getting lost lol (I am directionally challenged).

Judy Sharpe Do state parks allow personal golf carts?

at 0:27:26 on 7/18/2010 UTC

Michael A Prouse Judy - From the state park website: "Only licensed vehicles may be operated in a state park and must remain in areas specifically intended for vehicular traffic. Golf carts must display a valid permit at all times."

I interpret that to be yes - but you have to get a permit at the park when you check in... To be sure though, I would call the particular park you were interested in visiting and verify it.
