Re: Daisy Goodman

Dear Dr. Libbey:

Thank you for corresponding regarding this patient. The South Carolina Department of Health and Human Services (DHHS) can support additional physician office visits when medically necessary. In order to request that the agency support these additional visits, however, I will need for you to describe in addition to the diagnosis why the visits are medically necessary. In addition, DHHS does not accept preprinted fill in the blank forms when considering payment for additional physician office visits. There must be a letter of specific medical necessity from the attending physician.

I apologize for this further inconvenience. If you would like to discuss this further, please call me at 803-898-2500 or 803-255-3400. Thank you for your advocacy regarding this patient and for caring for South Carolina Medicaid beneficiaries.

Sincerely,
