

Martin Luther King Day -

Martin Luther is rolling over in his grave to see how the President has worsened race relations.

Your rebuttal speech to the State of the Union was an embarrassment + hurtful! How dare you take such precious national t.v. time to bash our Republican Party.

As Judge Janine said on Fox last night YOU were elected on a wave of anger + frustration but now you're going on squishy on us?

Yes, we are angry, and

Yes we want a strong President who loves our Country!
