## South Carolina State Parks

at 20:22:51 on 1/01/2020 UTC · 🌐

Thanks to generous donations by BMW & the family of Greenville County native Tom Presnell, visitors to the Table Rock Visitors Center may now experience a virtual reality hike to the top of Table Rock Mountain. The virtual tour features iconic stops along the trail to the top of the mountain including: Carrick Creek waterfall, the halfway shelter, Governor's Rock & the overlook at the top. The VR experience is available free of charge. Stop by & experience it today!

**Jay Clingman** Outstanding. Everything that provides access to our parks to people who can't go on their own, makes public lands "necessary" to more people. Thank you, thank you, thank you.

**Jim Ruggiero** What would be really kewl is a VR virtual tour of each SC state park. Showing unique features that would promote more tourism to the State of South Carolina.
