Let's go camping! Tent - check. Sleeping bag - check. Bear bag - huh? Even if you don't camp in bear country, you could still have a better camping experience by following some simple "bear-proofing" practices. Join the Charles Towne Landing Animal Forest keepers to learn how to make your campsite less attractive to wildlife like raccoons and bears. But don't take our word for it; our bears will demonstrate what happens when you don't follow good camping practices! Program will be held Saturday, May 16, at 2:00 pm, and Sunday, May 17 at 2:00 pm.

Jill Ilagan Hey Gene E. Fanning & Erich Chatham! That bear didn't come near our tent, he was too busy batting the bear box around.

Guy Ilagan This looks awesome!

Gene E. Fanning Why didn't you send Guy to bat the bear around. Surely Guy and DJ Pain could have handled a little old bear.
