Kara Stovall Brian Johnson Nice! I'm not doing the race Sunday. After doing the same basic exercises in class and running for the last 3 days I need a mental break from it all. I'm burned out. Next time. ☺☺☺Good luck! 🍀

Barbara Owens Barbara Owens Ilove camping there walking around the campground and on the strand. I use to take the grandkids there when they were growing up. A lot of good memories there! It is not so crowded like other campgrounds!
