Subject: Interview request Der Spiegel

Dear Chaney,

I am one of Der Spiegel's Washington correspondents. We saw the big news today about the Governor's appointment as US ambassador. As one of the leading magazines in Germany and Europe we are highly interested in an interview with her. I know that she still has to go through the Senate confirmation but I already wanted to let you know of our interest. Can you see if there is a way to arrange an interview in the upcoming weeks? That would be great.

Best regards,

Veit Medick
