Subject: Re: S 817 Technical Amendment

Once the Senators have voted, I really can't change things. Sorry.

Bob,

I believe this is the text that was adopted on the technical amendment for S. 817 last week:

"unless the commission determines that **the** background check requirements for that person have been satisfied through another process."

We've heard from SLED since the meeting that they'd like to make these slight tweaks, if possible:
"unless the commission determines that **a** background check requirement for that person **has** been satisfied through another process"

Thanks – see you tomorrow afternoon.
