Dear colleague,

If you know about Polymer Digital Liquid Crystal technology, perhaps you've heard of our name and reputation. I am personally hoping we can be your supplier of switchable privacy film and laminated switchable privacy glass. To this end my team and I have prepared a free downloadable PDF and a short video (9 min.) about the power of glass add-ons in architecture. Please take a moment to download the PDF and to view the video using this private invitation link:

Alternately, for your convenience, here is a personal QR code to view the page from your PDA or smartphone:

I may follow up with a phone call with your kind indulgence.
I am looking forward to your questions.

Cordially,
