## Announcing New Speakers + Sessions!

### **Smarter Products, Complicated Architecture: A Look at Common Pitfalls in Developing Connected Products**

Gianfranco Bonanome, the Senior Director of Business Development of Intelligent Product Solutions, will lead an engaging session on pitfalls in the process of developing connected products.

**IOT ENGINEERING**

### **Overcoming Budget Challenges to Implement Smart IoT in Your Facility**

Bill Maurer, Senior Vice President of ABM Building and Energy Solutions, will offer both practical and unique strategies for overcoming budget challenges, including tapping into federal and utility rebates.

**SMART BUILDINGS & ENERGY**

### **Automating the shop floor: How we brought three facilities from paper-driven to data- driven with the cloud**

Robert M. Bierwagen will share best practices for selecting and deploying next-generation tech and organizational shifts that need to happen to make the transition most effective for workers.

## Early bird rates end August 28, 2016
