---

Hey. So yea, I got a message from them while I was on vacation that says they have changed something again. Are you still not able to access it?

Good morning,

Tori Beth is having trouble accessing The State and it is giving her the same error message that it was giving me. I did not know if you had any helpful tips or tricks that you could pass along to resolve this issue, but any help would be much appreciated.

Sincerely,

Hayden Grooms

Can you still access the State? It kicked me out and when I tried to log back in this came up.

The State

I think this is worth posting

<http://www.thestate.com/opinion/article158206689.html>

Maybe something like, "Let's not bring this job-killer to SC"
