---

Katherine -

This is the invitation list. While we have tried to lock it down, it is still pretty fluid. At least half of those attending will be from Sun City. A few facts on the community: It is built by Pulte Homes. There are over 2,000 homes in the community, at present. It has been the most successful Sun City in the country over the last five years (would probably be good for her to include this last fact in her comments).

People for her to recognize:

Jon Cherry: City President for Pulte Homes

Roger Summey: Chairman of Sun City Republican Club (he helped organize the event)

Sandy McGarry: Chairwoman of Lancaster County Republican Club

Donnie Jones: Chairman of Indian Land Republican Club

Winston Smith: Chairman of Lancaster County Tea Party (they received national recognition as one of five most effective Tea Parties in the country)

Elected officials in attendance:

Rep. Deborah Long (we'll be in her district)

Lancaster Mayor Joe Shaw

Lancaster County Councilman Larry McCollough

Dr. Kashyap Patel will be there. I think he hosted an event for the governor at his home prior to the election.
