2015-2016 Legislative Session

Legislative News is a publication prepared and distributed by the South Carolina Department of Mental Health (DMH) Office of Public Affairs to keep you informed of bills introduced in the General Assembly that may affect the DMH, mental health, health care issues, or employee issues. In addition, we will provide budget information and general news from the General Assembly. You can also access the complete bills online by clicking the link at the end of each description, OR visiting <http://www.scstatehouse.gov>.

This publication is also available on the DMH Internet and Intranet sites. However, if you do not have access to the site and wish to receive a copy of the update, call us, and we will send you one in the mail. If at any time you have questions or need more information about bills or other legislative issues, contact the Office of Public Affairs at (803) 898-8582 or TLL06@scdmh.org.

Legislative Oversight Update

Last year, the Legislature passed a law providing for the House and the Senate to each, separately, perform a periodic review of all State agencies. Starting in 2015, the House and the Senate will each select 5-10 agencies to study. This year SC DMH has been chosen for review by the Senate.

The purpose of these reviews is to inform the Legislature in detail about an agency's programs and operations and to ensure the agency is operating as the State intended. Stewart Cooner, Director of the Office of Special Programs, has been appointed as the DMH liaison to the Senate staff conducting the review. During the review process, Mr. Cooner will be asking DMH staff to provide information being sought by the legislative staff.

DMH is working with the Senate and its staff to educate them about the many critical health care services the Department provides to the citizens of South Carolina, through its competent, caring, and outstanding workforce.

To streamline *Legislative News*, bills that did not cross chambers by May 1, 2015 have been removed from the summary.
