Hey Beth, THANK YOU for all your work for yesterday! Below is what I sent to the Lt. Gov.... just fyi.  
Jeff

Lt. Gov. Bryant!

I hope you get to see this personally. THANK YOU for speaking to the Youth Corps students yesterday! (... especially with your full schedule.) That was awesome! As soon as you were walking out of the room, I asked the Youth Corps students, "What leadership principles did he just demonstrate?" They quickly rattled off 6 or 7 principles including:

- "He got our attention"
- "He connected with us"
- "He looked around the room at everyone"
- "He was concise"
- ... etc.

And then I commented to them, "And he did all that in about 60 seconds." We believe in Youth Corps that less is more.

You were a living, breathing example of leadership for them. Just wanted you to know that they got your message.

Way to go! We need to have you involved in the future!

Thank you for what you do for our state!

Have a great day!

Jeff Becraft
