**Subject:** FW: Rev. Jesse Jackson visit to Bamberg County Hospital

Rev. Jesse Jackson appeared in Bamberg County today in front of the Bamberg County hospital. The hospital closed its doors in April 2012 and Rev. Jackson's press conference was noting the hospital would not have closed if Gov. Haley had accepted Medicaid expansion. The hospital was used as a backdrop for the press conference in light of the fact that Gov. Haley was born in the hospital.

I would like to get a comment from the governor about the closure of the hospital and if the failure to expand Medicaid was the result of its closure?  
Thank you very much for your assistance.
