Ms. Marcia Adams  
Executive Director  
South Carolina Department of Motor Vehicles  
P.O. Box 1498  
Blythewood, SC 29016-0000

Dear Marcia:

It is my pleasure to confirm your appointment to the American Association of Motor Vehicle Administrators (AAMVA) International Board of Directors for a term of one-year to the 2006 Annual International Conference. I personally appreciate your support and willingness to serve in this AAMVA leadership position and look forward to working with you during this important time for our association. Additional information, to include orientation documents, will be sent to you by AAMVA staff.

A comprehensive review of our Strategic Plan is scheduled for this year and will provide clear direction for AAMVA's future. Our successful navigation of the road mapped by the Strategic Plan is possible primarily because of the expertise and commitment of individuals like you. Your input, ideas, and involvement are welcomed and encouraged as we work together as a team.

The theme for the next year is "Collaboration, the Road to Success." It is my belief that partnerships between jurisdictions, industry, as well as the many other interested parties and federal agencies are vital if solutions are to be found and implemented. I am confident that through combined efforts AAMVA will continue to confront issues that face the motor vehicle community as opportunities to pave the way towards a more safe and secure nation. Together, I know we can handle it.

Please contact me if you have any questions, concerns or advice. You can reach me by phone at (802)

828-2011, via e-mail at Bonnie.Rutledge@state.vt.us or by fax at (802) 828-2170. In addition, AAMVA's staff is always available to assist you.

Marcia, once again, many thanks for your willingness to serve, your assistance, and your support. I look forward to a rewarding experience with you during my year as Chair.

Sincerely,

Bonnie L. Rutledge  
Chair of the Board
