Subject: FW: Palliative Care Legislation

Good Afternoon,

So below is a request from the American Cancer Society Cancer Action Network to work with the Office on Aging on some legislation. Please advise.

Catherine,

Are you the correct person for this?

Anne,
I think this email should go to someone else to handle. Can you send it to whoever you think is appropriate? Thanks.

Denise,

Hope this email finds you well and warm on this cold January day. Our team with the American Cancer Society Cancer Action Network is interested in working with your department on palliative care legislation that would create an advisory council that would establish, maintain, operate and evaluate outcomes of palliative care in our state. Palliative Care benefits our seniors as well as other patients of chronic illnesses including pediatric patients. We have seen this legislative be very useful in other states in preventing hospital readmits and assisting with end of life care.

Would you have some time next week to talk further about the legislation we are hoping will be introduced this session?

Thanks,

Beth
