The Defendant Cedrick B. Greene request relief on the grounds of the following facts (1) That the S.C., D.S.S., (acquiring attorney Harry Shaw) in conjunction with Beaufort County Family Court Clerk of Court representatives did knowingly & willfully with malicious intent withheld vital facts from the Honorable Judge Thomas W. Spott on 11/12/14 that the plaintiff Sharon A. Baker has dropped any & all child support with the ~~CC~~ sole intent of providing the judge with misleading information & doctored documentation to prejudice this said Defendant that I may be found in contempt & jailed.

(2) In furtherance of that prejudice the Honorable judge did err, cause when I stated that in fact the Plaintiff did indeed dropped my child support, the judge stated that she only dropped arrearages, which is untrue in which I can prove the same.

(3) Furthermore the Honorable judge did irreparably harm me & my family cause when informed him that paternity had yet to be determined in this case, he answered stating that too much water has ~~CC~~ passed under the bridge for who I say, because justice should prevail for all or is it that my family is expendable when (0) amount of the arrearages will go to the Plaintiff or in this the holiday season, all ~~CC~~ money collected goes to the State of S.C.

The Defendant seeks the relief in the form of immediate release from jail, as well as an expedited rehearing of this case with all parties involved present before an unbiased judge in the name of justice.
