Dear , I simply want to know what's out there before making any decision. I simply disagree with those who reject even gathering the information.

Subject: Off Shore Drilling

Lt. Governor Bryant -

It greatly concerns me that you serve in a state office and yet your stance on off shore drilling along the SC Coast is in opposition of all of our state's coastal communities. Please explain to me how the people living along the SC Coast and paying a lot of money in state taxes from tourism, property values, and commercial fishing should not factor into your decisions about our state. Perhaps you would be happier living and representing Louisiana, Alabama, or Mississippi.
