If we're going through the end of the month and for a full pay period, today would be the last day in the pay period to be paid on April 14th. Monday starts the next payroll period.

So, that's really up to y'all. I would think today could just be the last day and he'll be taken off of payroll effective 4/1. This means insurance would end this month for him since he won't be paid at any point in April.

Does that work? If it does, then we can do a PBAR for signatures so there will be some documentation on it and we'll get it keyed.

Great! I appreciate your help on this. Also, can you tell me the status of Steve Morris's termination date? Is it effective the 30th or 31st?

Hey,
I've got him keyed in this afternoon. His user ID won't be accessible for around 24 hours, but it should be GRA114575 when it is. He will use the last four digits of his social two times in a row to log in. So, if they were 1234 for example, he would then use 12341234 as the password. There are options to change the password on the same page as to where the MySCEmployee portal is located.

He'll want to record his hours when he works in order to get paid for them. I've got him reporting to you.

If anything changes or updates need to be made, please let me know.

Thanks,
Adam

Lily,
Since Hayden is an FTE, would you like for Graham to be paid an hourly rate equivalent to what Hayden makes? Right now, the rate is \$14.36 per hour based on a 37.5 hour a week schedule to equate to a total of 1950 hours per year. We can set it up that way, but just wanted to mention that since Hayden is a salaried employee and Graham would be considered hourly and under 30 hours a week, which make him not eligible for insurance.

Thanks,
Adam

Hi Adam,

I am sorry that it took so long to approve their time! Also, I am attaching Graham's paperwork that I sent to Ruchelle after he started. His official hire date is 3/15/16 working 7.5 hours a week for now. His salary is the same as Hayden Grooms. We are hoping to be able to give him more hours until he can become an FTE.

I hope this helps!

Lily,
Thanks for taking care of these! I'm sure they will appreciate it!

On another note, we're still looking for some information on a new hire, Graham Duncan. I was told her worked on March 15th, which means since I don't have information for him at this moment, he won't get paid on March 31st for that time worked.

If I had a rate of pay, number of hours that he worked that day (if hourly), and position type whether it was temp, FTE, etc. then I can use that enough with what I have to get him loaded and hopefully paid on the 1st this morning. Payroll starts to finalized at 11 so I would need that information before then.

If you have it, please pass it along if you can. If not, just send it over when you can and we'll get it caught up on another payroll.

Thanks!

A few of these are older, outstanding dates so we definitely want to try to get it taken care of as soon possible. If you are near a computer and can log on and approve this time by Sunday, that would give enough time for the system to capture it for payment. However, if you are unable to approve it before then, just email me and let me know if these times are valid and I will approve it for you. I'll make myself a note to check over the weekend to see if I can get it taken care of for you.

Thanks for your help,
Adam
