| 9:15 am – 10:30 am | Plenary Session I: Innovation at Work in the States
Recent and innovative breakthroughs have revolutionized the way we live, travel, improve our wellbeing, and manage our finances. To further extend these new frontiers, Republican governors are partnering with industry leaders to streamline burdensome regulations and create an environment in which these new technologies can thrive. GOP-led states are also working to ensure that the workforce is adequately trained to respond to the evolving needs of the workplace. This panel will discuss pioneering technologies and services underway and identify the barriers that exist in bringing them to full utilization. |
| 10:45 am – 12:00 pm | Plenary Session II: State of the States: A Snapshot of Success
As gridlock in Washington continues, Republican governors are leading in pragmatic ways that improve the everyday lives of the people they serve. Whether reforming the education system, increasing access to healthcare, or tackling economic and regulatory hurdles, GOP states are driving innovation and sharpening their competitive edge in the marketplace of ideas. This panel will take a detailed look at how Republican governors are challenging the status quo and bettering their communities. |
