Thanks, Swati. Hello, Holly. Standing by to assist. For ease of reference, the federal regulation that governs major disaster declaration requests is found at 44 CFR 206.36. If you Google "44 cfr 206.36 gpo", the first hit will be the official Government Printing Office pdf file of that regulation.

> Good morning, Swati. When we last met, you were the general counsel I understand you are now the Chief of Staff. Just wanted to touch base to offer my assistance with any FEMA legal issues. I understand the Governor may be requesting a major disaster declaration. Standing by to assist you with any legal questions regarding that process.
