

3-16-16

Dear Governor Haley,

First of all I want to thank you for forwarding my previous letter 2-16 to the SC DOT in Columbia. I received a call from Jonnal and was given a number for Marie Brocasovich of which I contacted. This was the last week of Feb. She called me back and stated that she sent a request to the Engineering Dept. and they had two weeks to reply. I had a msg left on my answer machine from Mr. Mulligan (Quote - Unquote) it came by but no one was home. This was around the 8th of March. I called back and had to leave a msg. as he was not available. I had to call him again on the 10th or 11th of March and he stated "Quote I will meet with you on the 15th with the County Rep. "Guess what" No phone call or a msg. concerning this problem.

as stated I have Dry Rot, Wet Rot and mould under my house and it is because of the water drainage problem. I have had contractors state that they will not give an

estimate untill there is something done about
the water drainage problem. Unfortunately I do
not have pictures from the past when we have
heavy storms and our lawns lay full of
water.

If no action is taken by Btlt. Se Det or
the County of Beaufort to solve this matter I will
find a lawyer and suing I have grounds to
Sue, before I Contact my Insurance Company.

Respectfully Submitted
Robert E. Williams
Sgt Maj USMC (Ret)
