You're welcome, and no problem re: not being able to attend. We fully understand meetings, obligations, etc.

Glad to hear the feedback on your end was positive also. If we can ever do anything to help you and Governor Haley out please let us know.

Todd

Thanks for your note. I'm sorry that I couldn't attend with her, but I had a budget meeting that I wasn't able to move. The feedback I received on our side afterwards was also quite positive, though. Thanks again for extending the invitation.

Christian and Nick,

On behalf of myself, Lonnie and everyone here at IT-oLogy, I want to personally thank you both for getting Governor Haley to attend the event this morning. I hope she found value in it and enjoyed learning more, etc.

Let me also say many, many people personally told me how much they appreciated her being here. She scored huge points by attending and obviously understanding the topic. I know she's not in it for the 'points' but the response was overwhelming.

We sincerely hope she becomes more involved in the future. We think technology impacts the economy in a huge way and we would love to work with her moving forward. She has done a fantastic job since being in office.

Todd
