STATEWIDE SCREENING DAY

Thursday, February 15 from 9:00-11:00am

Screening includes:

- Height/weight
- Blood Pressure
- Cholesterol – Lipid Profile
- Blood Glucose

Are you over 40?

If your screening reveals that you have at least one risk factor for heart disease, including family history, talk to us about Coronary Artery Calcium Score – a simple, non-invasive screening that can predict heart disease in its earliest stages.

Statewide Screening Day Initiative created by The Heart2Heart Foundation
in collaboration with the Office of the Governor and SC DHEC.
