Christian,

June 18th is perfect. I'm very much looking forward to getting started. Most likely I will fly in on the evening of the 17th and be available as early on the 18th as you want.

Alina will connect Doug with the Rockefeller press folks.

Thanks for moving things forward on the potential fellow.

Jeff

I've relayed the resume to John Supra; he'll give her a call.

Also, I'd hoped to get earlier dates on our side, but how about June 18th or 19th? We're closing in on the end of our legislative session, so we're having scheduling problems on our side prior to that week.

Finally, our press folks...I've copied Doug Mayer on this. He's with our Communications Office; I've briefed him on the SIB project, so he's available whenever you're ready to discuss the announcement. His contact info is below.

Christian,

I too am excited to get started. I think the last week of May or the first week of June is what we should aim for schedulewise. In general, Mondays, Tuesdays, and Thursdays work as travel days for me. I will get back to you in the next few days with some specific dates.

Two other follow-up items:

The Rockefeller Foundation is now looking at a mid May date for the public announcement of the states that have been selected (they originally targeted April 29). In a week or so, I will need to connect your press folks with the Rockefeller folks.

Also, we need to recruit the innovation fellow. I have attached the resume of the strongest candidate I have identified so far. Would you or someone else on your team like to interview her? And if you have ideas for other people we should consider please let us know.

Dr. Liebman,

I'm sorry we weren't able to align schedules yesterday. Our Department of Health and Human Services had its budget hearings before the Senate Finance Committee, and we've found it's best not to turn down invitations from those who can issue subpoenas.

We are excited to get started though, so if you could pass along a few dates that would work best for you to come to Columbia, then I can talk to Tony Keck (HHS Director) and John Supra (HHS Deputy Director) and coordinate schedules accordingly.

Thanks again.
