Hi Chaney,

I just tried calling the office and it said you're closed, so I must've just missed you.

My name is Aaron Maybin and I'm a reporter at WCSC-TV Live 5 News. I'm planning on covering the Governor's state of the state address [tomorrow](#). I know she will release the speech in full text once started, but is there a chance I'd be able to get a sentence or just a few of her talking points?

I'm previewing it in our morning show and offering more will get more people to tune in.
