**Governor Haley,**

**This letter is in reference to SC Flood Victims that are eligible for food assistance programs no matter what your income level. I Live in Williamsburg County and my husband was turned away because he did not have a white paper to get in on Friday the 30<sup>th</sup>. We just found out about it on late Thursday afternoon. He went up to the DSS at 9:30 a.m. which was in between his shift at his job. I do not feel that it was fair because there are so many people that did not know about it. As you know, some people do have to work to make a living. Matter of fact, I was told that there was approximately 900 people standing in line on Wednesday & more than that on Thursday. How on earth, can that many people be waited on in 2 Days. I would appreciate it if you can please tell me how older people are suppose to stand in line that long. If we were turned away then how many others were.**

**I know your job has been hard but I just wanted to let you know that I am proud that you are the governor of South Carolina and that you are doing a great job!**

**Thank you kindly,  
Marilyn K. Phillips**
