

LT. GOVERNOR BRIAN DUBIE

Honorable Nikki Haley
Ofc Of
1205 Pendleton St
Columbia, SC 29201-3756

Dear Governor Haley,

I'm writing to ask your support for **my friend Randy Brock** who is running for Lt. Governor.

When Thomas Chittenden, Vermont's first governor, died in 1797, Lieutenant Governor Paul Brigham became our state's second governor. And more recently, the sudden death of Republican Governor Richard Snelling brought Democrat Lieutenant Governor Howard Dean to office.

We rarely think a lot about the office of Lieutenant Governor.

But **when tragedy strikes, it's an office that becomes critically important.** And five times in Vermont history, the lieutenant governor has been called upon – at a moment's notice -- to assume the state's highest office. We all hope that this part of the job will never be needed.

That's why it's so important that we select a lieutenant governor who is ready – by experience, temperament, competence, leadership ability and track record – to assume Vermont's top job.

That's why I **believe that Randy Brock is by far the best person Vermonters can choose to be our next Lieutenant Governor.**

I've worked with Randy for years, both when he was State Auditor and when he served in the Senate. He's someone who will preside over the Senate with fairness, dignity, efficiency and competence. He knows the rules. He knows what needs to be done. And, most important, he knows how to do it.

But Randy's greatest talent is that he always looks to the future – to what we need to do to secure our future and that of our children – to how we go past just making Vermont affordable, but how we **create a vibrant Vermont economy that rivals anyplace in America.**

As lieutenant governor, Randy will find and promote new ideas to improve Vermont's economy. We need new jobs, new industries and new technologies that make Vermont their home. To do that, we need leadership that thinks outside the box, leadership that understands the 21st Century economy and how to position Vermont to best prosper in it.

Many hard-working Vermonters are angry. They see property taxes rise every year. They see their health care and health insurance bills soaring. They see the cost of living make Vermont increasingly unaffordable.

They see the damage to Vermont's precious landscape and Vermonters' quality of life caused by unbridled greed and crony capitalism in the guise of industrial wind and solar. They see local votes and local wishes ignored in a process that doesn't listen. And they see their government doing nothing about it.

Randy will do something about it.

Vermont can become a great place to welcome new residents, to create new industries, to develop new businesses and to use our small size and nimble government to do what other states can't. Now is the time to elect a leader who can point the way to positive change.

PLEASE SUPPORT RANDY. Help him build the promise of Vermont. Your contribution of \$10, \$25, \$50, \$100, \$500, \$1,000 or more would help so much to spread his positive message.

I'm supporting Randy for Lt. Governor. I hope you will too. I'm committed to the future of a prosperous Vermont. **We can do it – together!**

Sincerely,

P.S. Without financial support, Randy won't have the resources he needs to win. He's facing opponents who are well-funded by agenda-driven special interests. Won't you help him level the playing field with your contribution of whatever you can afford from \$25 up to \$4,000 per person or company?

P.P.S. Giving on-line is also a safe and secure way to rush your donation to Randy. Simply visit www.RandyBrock.com, click on the green button in the upper right-hand corner and chose your donation amount.

Randy - I want to help you provide hard-working Vermonters the ability to support their own families!

Vermont law permits an individual to contribute as much as \$4,000 to a candidate for state office. A couple may contribute as much as \$8,000. Unlike federal elections, contributions to state candidates may also be made (up to \$4,000) by associations, limited liability companies, business partnerships and corporations. However, in all cases political contributions are not deductible as charitable contributions for federal income tax purposes.
