**Subject:** Tip: Mobile apps make entry management easier than ever for your event

---

[Get Started](#)

#### Let guests get tickets from their phones.

Ditch the paper tickets—with Eventbrite for iPhone and Android, guests can buy and access their tickets right on their phones.

#### Get attendees through the door faster.

Check guests in, scan ticket barcodes, and track attendance from your phone with Entry Manager for iPhone and Android.

#### Collect payments and sync your data.

Accept credit cards for tickets and merchandise sold at your event, and keep all your sales and attendee information in one place with the At The Door iPad app.
