Subject: Welcome to FWD.us – have you seen this video?

Kevin,

On behalf of our entire team and founders, thank you for joining FWD.us.

In this critical moment, it has never been more important to stand with immigrants in our communities -- and to make sure our friends and neighbors know the human stakes in the immigration reform debate.

We recorded a short video with Saba, a Ph.D. student at Texas Tech University who could be forced to stop teaching, halt her research, and potentially even leave the country. [Watch it now and share it with your friends.](#)

FWD.us was founded to mobilize support for immigration reform that keeps the American Dream achievable today and for generations to come. That remains our mission today, and we are proud to have you stand with us.

We are working every day with our champions on both sides of the aisle to fix our broken immigration system and to stand with immigrants like Saba.

Immigrants are an integral part of our economy and to our communities. Immigrants make our country stronger. And now, more than ever, we need to stand with them.

[Watch Saba's video today and share it with your friends and family to show why you've decided to stand with immigrants.](#)

Your support is critical – and we're glad to have you with us.

Thank you for joining us,

Todd Schulte
President, FWD.us
