David -

Did you call the Police? Hopefully you did so at 11:03 PM last night. As I understand you are not a City resident, so as you know, the investigation of the matter would originate with the County. If the perpetrator of this crime resides in the City I am sure that we will be happy to provide any needed assistance to HCPD.

I have already looked into the specific matter that you suggest that I look into. I sat down with the Mitchells the same week that I committed to do so.

Finally, your suggestion that I should also look into the "overall crime in our City" is unnecessary. That effort occurs more often than daily. Because of the fine work of the Myrtle Beach Police officers, our crime rate is continuing to fall. Through October that reduction exceeds 11% for the year.

Subject: Jack Rabon/ Slashed Car tires/ Myrtle Beach Crime

John,

As you were made aware, we posted this online yesterday.  
<http://www.myrtlebeachsc.com/cover-up-cries-for-help-result-in-myrtle-beach-shootout/>

Last night at 11:02 p.m., the alarm system in my home went off. When I went outside, a white 2014? 2015? Hyundai Coupe with black tinted windows, as pictured below was backing out of my driveway and then proceeded down the street at a high rate of speed.

This morning, when I awoke, I found all four tires in my driveway at home slashed.

In my own research, I have since learned that Jack Rabon, in fact, drives a newer model white Hyundai coupe with black tinted windows.

John - As per the video we posted, where you stated you would look into the matter concerning Jack Rabon, perhaps this is good time to do so.

Your attention to this matter and our overall crime in our city would be most appreciated.

I will continue to write as a journalist and not live in a climate of fear.

Sincerely,
