Third Sector Capital Partners, Inc. ## Partners

Third Sector is excited to partner with leading national organizations whose resources and insights will be brought to bear in building the knowledge base necessary to scale PFS Social Impact Financing nationally.

Abt Associates will provide evaluation and programmatic experts who will work alongside Third Sector staff in delivering Technical Assistance, thus not only benefitting the Sub-Recipients, but also building other partners' capacity to bring PFS expertise to their much wider audience of governmental leaders and the hundreds of federal grantees who receive Technical Assistance on evaluation and evidence-based practice.

In addition, National Governors Association (NGA), National League of Cities (NLC), National Association of Counties (NACo), and America Forward (an initiative of New Profit, inc.) will educate their constituencies about the benefits of PFS and the opportunities presented by the SIF PFS project. They bring a cadre of experts in governmental structure and the SIF priority program issue areas to assist in providing high quality technical assistance.
