Haven't forgotten about this...the meeting didn't provide a clear direction on official ceremony or just a request for her to visit and see the progress. Waiting for a phone call for clarification and will get back with you.

Jennifer,
Below is a text I received from Joe Trainor (803-924-0479 cell) regarding KisWire.
Are you available for a brief call to discuss?
Hope all is well.
Thank you,
Katherine

Text:

Hi Catherine! It was so good to see you with Nikki in Columbia the other day. I just got back into town and was following up on what we had talked about where Nikki said that she would like to call David Minick about his big expansion at KisWire here in Newberry. I think he just feels a little slighted because you see these other announcements going on and he hasn't received any recognition for what he's done for Newberry. I think if she could call him or you could set up an announcement or something here in Newberry for his expansion I think it would go a long way. As I told you he will probably shortly be named the next president of North American operations for them. Thanks again!
David Minick. CEO Kiswire 803-513-2575
