Your Honor:

I write You after a tumultuous week.
One of greatest honor and of World challenge
settlement, and U.S. freedom (approx 13%).

You are the first I wanted to reach
on Wednesday that the President (Barack
Obama) had intended me during the Address
on Tuesday night. The enthusiasm was

for a moderate type venue of politics that saw Democrats meet Republicans in civic order.

I was abruptly approached on Wed morning with World news of terrorist* extremes action that I tried to settle with the U.S. State Dept*, the Euro union and the older reach of Arab League. (I was the Pres Reagan / Bush World Opener in the 80's and the February '14 signature of Presidential President of the World in Pernak (Norway). I did write Lin Toni Ernst and called her Fri; and I wrote the President, with His by staff near me for a reach.

Friday I called the Washington Campus and I found a strong Democratic language and an erasure of my ways. After time, I got some Tony Pavonkin

agreement to open the Republican area that had been the area lead them (after the vote).

I want to stress that I was not hearing of reaches and the leads were reporting problems, but I have now heard of psych wards (I even positively reached for Pres. G.W. Bush), and fight returns.

I think Youice offered a lively in South Carolina, Columbia. (I was the Opening of the Cliffs, so I'd again friendly them but Your idea seems wise.) I could reach with the greatness of my own stellar identifications, but my family, some of the NBC Network reach, and some other East shores, N.Y. people may be problem areas.

My friendly reference, Justice John Roberts is reportedly moving a house to over Freeport, an appealing draw and a remarkable fact, but I hear he is from the Cliffs these days.

Additional material of the "State of the Union" Address is my 6 years as the Agreeable Republican in the White House - morning briefings most days, and through the day. In early 2010, I earned an agreement that Republicans would be listened to with. I am a moderate, civil civic one. I found a cite elephant finger puppet of white these colors that the Obamas thought significant and referenced. I remained my most agreeable separatism from my family the Harthans or my cousins McPhersons, other than a ally Joe McP.

When President Obama exited the Rotunda, he thought around with me and he signed an agree name for saying He hoped for Anne-Marie Kell ways (and Marco of Indonesia - a bag handle I have). I called the White House to strain (I am not with Mrs. F.H. Obama) and I had transportation problems but my letter arrived Thursday, well received

I stress that you appear the most of the probable Republican lead way for my interest. I believe I understand you and you understand me. I have a great deal of power that is not directed ideally now and I'm looking for a change or for an oversight.

I have medical problems (even with my doctor, now the State Health Commission) (I am State Commission signed). (I am the health identification of the 1980's, 90's, 00+10's and of insurance. I must find an area different from my family, as they conceded to me and their team incorporated my lead as this, structurally, I was vetted over 30 and 6 years and more W. House copy others, Eagles have loved than any other. I lead.

I go on. Please reach me as you have.

Yours, truly,

Ms. Anne-Marie Kell, w.c.
