Subject: GRAHAM SAYS...

Nikki,

Just a friendly reminder that you need to listen to WE THE PEOPLE. It's time for you to take a stand to STOP Muslim refugees from coming into SC until Congress figures out how to do this. Still, the counties can not bear the burden of a host of refugees. You must pay attention to godly council from Dr. Graham and that of those who know the heartbeat of the citizens.

Franklin Graham's Facebook post on December 9, 2015

For some time I have been saying that Muslim immigration into the United States should be stopped until we can properly vet them or until the war with Islam is over. [Donald J. Trump <https://www.facebook.com/DonaldTrump/>](https://www.facebook.com/DonaldTrump/) has been criticized by some for saying something similar. The new Speaker of the House [Paul Ryan <https://www.facebook.com/paulryanwi/>](https://www.facebook.com/paulryanwi/) said yesterday that he disagrees—saying that “such views are not what this party stands for and more importantly it's not what this country stands for.” Politicians in Washington seem to be totally disconnected with reality.

Research shows that there are 2.75 million Muslims living in the U.S. According to a poll commissioned by the Center for Security Policy, 51% of Muslims living in America believe “Muslims in America should have the choice of being governed according to sharia” (Islamic law) instead of the U.S. Constitution. 29% agree that violence against those who insult Mohammad is acceptable, and 25% agree that violence against America can be justified as part of global jihad. Among males under the age of 45, that number rises to 36%. And 29% of males under 45 believe that violence against America is justified in order to make Sharia the law of the land. This is frightening.

Our politicians are not listening to the truth—my prayer is that God will open their eyes. This affects our security and the future of our nation. If you agree, email your Congressman or Senator today, and SHARE this with others (be sure to copy & paste this text when sharing).

This is for your information and not intended as an endorsement for Donald Trump. Always remember your children and my grandchildren. It's time to...

Behave to be free,

Larry Bateman

*“There is danger from all men. The only maxim of a free government ought to be to trust no man living with power to endanger the public liberty.”*  
~ John Adams
