Gary,

Chaney Adams passed along the information you sent her regarding the First Responders Benefit you are coordinating at Seawells in Columbia. As you can imagine, Governor Haley's schedule is still very fluid in handling the relief and recovery efforts across the state. It would be best if you went ahead and picked a date that works best for everyone else involved. Please just let me know the date and details once they have been confirmed, and I will be happy to take a look at the Governor's availability.

Thank you,  
Nicole

Subject: First Responders Benefit

Good Morning,

I left a voice mail last week, but if your phone rings like mine you are probably still sifting through messages!

Our group of six radio stations here in Columbia is working on a benefit dinner for First Responders that we hope to hold at Seawells sometime in the next month or so. Would love to have the Governor as the keynote speaker to personally thank them all.

We have reached out to the SC Law Enforcement Officers Association, The SC Firefighters Association and the EMS Association and all are on board. We will be donating all proceeds after expenses for the dinner itself to these folks. None of this money will be staying with our stations.

If there is someone else at the Governor's office that we should contact I would appreciate you steering me in the right direction.

Look forward to hearing from you at which time I can pass along some proposed dates to see if the Governor's schedule would fit in with ours.

Thanks again!

Gary
