On Dec. 4 2014 I went to the school and tried to find out about this little boy talking sex to our daughter. They talk to my child and she didn't know what sex was. Four days later DSS is taking my child, Cause they stated that my boyfriend Tommy was sexual abusing my child, but it all started on the bus with a little boy that was talking sex with her. He has already messed with another child on the bus. The school knows about this little boy! We also have a witness on that subject. Now my DSS worker Mrs. Barbara Brightharp Miller has failed to let me know of court dates. (For example on Feb. 5 we had court that we did see a judge, but did not receive nothing to be there. Found out through the gal) So what kind of system are they running. I thought they are suppose to help keep my child in my house. Please look into this matter. Please give me a email back about this matter. Thanks for all your doing.
