

To Gov. Mike Hally - from Carol E. ~~Leino~~ Leino

Dear Gov. Hally,

I Lived in S.C. for 33 yrs with my
Husband John Porter and my Handy Cap ed
Daughter Tracey.

I Lived at 2994/ Cameron Rd, in the
Lone Star Community. You Have a
beautiful State, but something is
going on that I don't think you
Know about. If your a man with
the same last name you can
Cancel out anything a female of
the same house hold does. This doesn't
Need to be your husband in my case
it was my son Mike. Before my
husband John passed away in 2007 He
got me a Siamese Cat, a trainable cat
they say, well this one was under foot
all the time. I got a empty bottle put
water in it when she got between
my feet I squirt was all it took and
after a day or 2. She knew who was
boss. Mike didn't like it and took the
bottle and born it up. Well the
Year I Had a falling happened down I
went. I Ended up in Calhoun Convalescent
home in Saint Matthews. Well being in
there he said I wasn't able to
take care of my affairs, and the
courts in S.C. Agreed. Well that put

a smile on his face, he now
had control of my bank accounts and
emptied them, but he was a man
and he could do that. He cancelled
my AARP, tried to cancel my
Life Ins and my daughters. They were
Automatic payment from my Wells Fargo
account.
So when it came time to get out of
there, they said NO! Well my daughter
Cathy came down from New Jersey,
I had medacare but the balance was
\$10,000 And seeing as how he had
Cancelled AARP it cost my son-in-law
Chuck Cooper \$10,000 to pay the
bill and get me out after 3 1/2 months.
He wouldn't drive my Pick-up truck
so I gave him my 96 Mercury grand
marquis. He sold it to his daughter
well I sold 2 Boxes of my husband
and my Coin collection for a down
payment on another car. I bought a
Ford Focus and he sold it and
drove it to Arizona taking my daughter
Tracey with him. He also took
the payment book so I couldn't make
the payments. Well with no payments
coming in it was repossessed. Now
with all the mileage on it I have
a bill of \$9800 to pay. My Car Ins,
was through the Warrameter company
in Oradgeburg, I was a gold Star
member of Progressive, but SC says

my Son who took it to dad, they
don't have to pay for it.

I just wanted to let you know, I
still own property there, but if
my Son can do all that to me then
any referendum you make your
husband can accept on your son
Thanks for Listening
