Subject: Re-cap on meeting

Quick re-cap from the meeting with Tony - he agreed that the current incentive needs to go, but said that the PFS project needs NFP to expand services state-wide (i.e. everyone in the state who is high-risk based on individual risk factor gets served, not just those in "PFS areas"). So while there may be new sites created by the PFS project, those sites (combined with current ones) need to have the capability to serve anyone living in the state who is "high-risk".

He also asked about the CMS letter and John said that he is going to update my version and send it to Tony.

If you want to discuss, let me know. I'm available after 3:30.

-Erica
