### **Presentations**

#### **A. Presentation by Ms. Amanda Hair Re Animal Services**

Ms. Amanda Hair of Laurie Street appeared before Council. She advised Council that she also worked for the City of Cayce at the wastewater treatment plant. She provided Council with background information on her move to Cayce and advised Council of a situation where her cat was caught in a neighbor's cage, picked up by Animal Services and returned to her. She advised that her cat was again picked up in violation of the leash law. Ms. Hair was advised at that time the fee was \$80.00 to redeem her cat. She advised that she was told that the animal ordinance had been amended to include the \$80.00 redemption fee since she moved to Cayce. Ms. Hair advised that she paid the \$80 redemption fee with the help of her friends and has her animal. She stated that she feels the redemption fees are too high and that there needs to be some type of animal adoption center in the city. She asked Council to reconsider the fee structure to make it more affordable for citizens to redeem their animals. Mayor Wilkerson asked Ms. Hair for her suggestions on the amount of fees the city should charge. Ms. Hair stated that the original rate of \$20 for a sterilized animal was reasonable.

Mr. Myer stated that obviously Ms. Hair realized that not everyone love cats or dogs and that the fines were in place to help the owners of those animals understand that although a resident may love his/her animals, neighbors do not. He stated that the fees were put into place so that owners would be more responsible with their pets. Mr. Myers stated that it may have helped if Ms. Hair went through her supervisor and proper chain of command in order to obtain assistance with her situation. Mr. Myers suggested that since Ms. Hair had the information with the previous fees, that \$40 be refunded to Ms. Hair since the new information was not posted. Mr. Jenkins inquired that since her incident, how many animals she had seen running loose in her neighborhood. Ms. Hair answered that she had not seen many. Mayor Wilkerson asked Ms. Hair to provide Council with a copy of her comments. Chief McNair stated that Ms. Hair was told the first time that she would not be charged to redeem her animal, but if it happened again, she would have to pay the \$80.00 redemption fee only. He stated she did not receive the animal at large charge. A motion was made and seconded that Ms. Hair receive a refund in the amount of \$40.00.

B. Presentation by Mr. Wilson Lee Re Water Service

Mr. Wilson Lee appeared before Council to discuss his water. He stated that he lives on Granby and ever so often the color of the water is brown. He says he has discussed the issue several times with Mr. Frank Robinson and other utility staff members, but the problem with the discolored water has continued. He stated that the only explanation he has received is that his water is on an old small water line, but he feels something should be done about it. Mayor Wilkerson explained that the work orders issued were prior to the flushing of the city's water system and prior to changing the supplier of orthophosphate which could have been the reason for some of Mr. Lee's problems with his water. Mayor Wilkerson asked that the Utilities Department go by Mr. Lee's home tomorrow at 10:00 a.m. and get a sample of his water so it can be tested by DHEC. Mr. Jumper stated that he lives down from the street from Mr. Lee and at that he, too, occasionally had problems with discolored water, but at the present time, that does not seem to be a problem. He stated that in the middle of the night when the water is turned on, there is a terrible taste to it but it clears up after the water runs for about 15 minutes.

C. Presentation by Ms. Mary Harris Re Drainage Issue

Ms. Mary Harris appeared before Council to discuss a drainage issue at her address of 907 Lafayette Avenue. She stated her residence is at the bottom of the hill and when there is a torrential rain, her yard is flooded. She explained that her neighbor installed a drainage pipe in the ditch behind his home and put tons of gravel and dirt over the piping. She stated that he has also placed a screen over the pipe and she has been told it will impede the drainage in that area. She stated that she is afraid that her yard will be flooded during heavy rains and wanted to go on record that she is concerned about this issue. Mayor Wilkerson stated that the problem is that some of the ditches are on the owner's properties or in rights of way. The property owner was in

attendance and she stated that she gave the renter permission to pipe in the ditch which is on her property and understands the liability in the event Ms. Harris' yard floods.

**D. Presentation by Mr. Michael Megronigle Re Billboard Issue**

Mr. Michael Megronigle appeared before Council to discuss a billboard sign on Hwy. 302 that he currently has permission to use from the property owner. He stated he was in real estate and that he met with the owner of the property, Mr. Jim Smith, while viewing the property. He stated that later he received a call from SC Department of Transportation stating that he could not use the sign as a billboard without obtaining the proper authorization and permit. He stated that he spoke with Mr. Ken Knudsen, Director of Planning and Development, who advised that the use of the sign was out of compliance with zoning. Mr. Megronigle stated that as soon as the property sells, the sign will be removed and asked Council to consider letting him continue to use the sign until that time. Mayor Wilkerson stated that Council could not grant a temporary permit as the city's current ordinance defines the procedures for submitting his issue to the Zoning Board of Appeals and recommended that he take the issue to the Board for consideration.

Mr. Knudsen advised that the city has received 3 to 4 inquiries from tattoo parlors already and three of those four would not qualify for the locations mentioned. Mr. Myers stated that he did not think this would be the type of businesses the City would want on the main thoroughfare and entrance to the city. He stated that he could not consider the C-4 zoning unless there are some special conditions. The City Attorney, Mr. Danny Crowe, advised that zoning could be limited to M-1 and M-2 zones. Mr. Myers stated that he would like to review the zoning areas of the city prior to second reading of the ordinance. Mr. Crowe asked that Mr. Knudsen provide him with information so that he could prepare an attorney-client privilege memo for Council prior to second reading.
