## South Carolina State Parks

at 0:01:00 on 9/03/2020 UTC

This evening at 8:00 p.m., join Ranger Chelsea at Redcliffe Plantation to learn about the history of wine cultivation. Chelsea will be joined by special guest and horticulturalist, Jenks Farmer, who will share a little bit about how to cultivate vines and the history of growing grapes in the South. This will be a two-part program. The second program will take place at Jenks' farm on Saturday, where Jenks will share more about planting different varieties of vines for your garden and great recipes using muscadines. Be sure to add him on Facebook and go to his website to be added to his mailing list at JenksFarmer.com to get access to Part 2!

### History of Wine Cultivation at Redcliffe Plantation

**Lauren Vi** Great job Ranger Chelsea and Jenks! Can't wait for part two. 😊

at 0:55:05 on 9/03/2020 UTC

**Mary Ann Keisler** Enjoyed this new twist to a familiar site right here in our own region. Looking forward to future videos.

at 1:24:21 on 9/03/2020 UTC

**Geoffrey Cormier** This was fascinating. I can't wait to see part 2.

at 0:44:17 on 9/04/2020 UTC

**Theresa Schuster** Love Ranger's narration. What a great voice

at 1:02:38 on 9/05/2020 UTC

**Terri Stafford Stokes** Really enjoyed it - is Redcliffe Plantation open for tours now?

at 18:58:55 on 9/05/2020 UTC

**Version:** Current

**Tags:** edited

**South Carolina State Parks** Grounds walks are available Thursday-Sunday but these do not include the inside of any structures. Unfortunately tours including the inside of the mansion and slave cabin have not yet resumed but historical materials and interpretive panels have been placed on the outside of structures for self guided exploration of the site. Feel free to continue to check the park's website or call to find out when tours have returned
