Subject: Someone Tried to End Austin's Life

We continue to bring you stories about animals needing extensive veterinary care. Your gifts help us help the animals who need veterinary care to survive.

Austin

Austin arrived at SFAC as a stray and was extremely fearful of people. She had a large lump on her face under her eye. We immediately thought cancer. We took her to surgery and while in the process of removing the mass it ruptured and discovered a bullet. Someone had shot this poor innocent dog in the face with a 45 pistol at no more than 40 yards away. It's no wonder why Austin is so scared of people. She is making progress in her foster home with one of our vet techs and beginning to trust people again.

Your Gift Helps Us Help Them

We're raising funds for the stray, unwanted and abused dogs and cats in our community needing veterinary care. As a pet owner and animal lover, you know that vet care can be expensive. A donation of \$100 will cover the cost of spay/neutering one dog and cat. A donation of \$50 will buy vaccines for one dog or cat. A gift in any amount will help!
