Subject: Violations of sign ordinances statewide and city if Snderson

Why should we vote for you to serve as chief executive officer of the state of SC when you/ your campaign violates laws regarding campaign signs on public right of ways as well as CITY of ANDERSON ORDINANCES with total disregard ??Our families and civic and church groups have to decided to vote against those who totally ignore these laws.Hope that your reason is not "I do it because others do".Please advise.Thanms if you ever even see this
