Minor change - I don't want anyone to wait to apply or think that they have to talk to a DSA person in order to get assistance. Anyone affected should call immediately.

Anyone affected by this disaster is encouraged to apply right away for federal disaster assistance by calling 1-800-621-336 or by going to DisasterAssistance.gov. At the meeting, FEMA Disaster Survivor Assistance Team will be on hand to offer survivors registration assistance; up-to-date information on their application status; and referrals to help fill outstanding needs.

When applying for disaster assistance, you may be asked for the following information:

- * A phone number where you can be reached;
- * Your social security number;
- * Your current mailing address;
- * The address of the affected property;
- * A brief description of the damage; and
- * Insurance information including your policy number.
