Subject: FOOD STAMPS

Good morning, I am writing this because I just left my local DSS office, and was told food stamps will be given to those who are currently on SNAP only. I am extremely disappointed and saddened by this information. I am on disability and have lost food just like many South Carolinians!!!! I refuse to believe that our governor does not care about each and every one of us who was affected by hurricane Matthew. I would really appreciate some answers, and a response to this insane madness going on!!!

Thank you
Crystal Martin
