**Subject:** ObamaCare Repeal and Replace

---

KV-

James D'Alessio and myself would like to offer our assistance as a resource to personally brief Governor Haley and staff on BlueCross BlueShield of South Carolina's insights on the repeal and replace debate Congress will soon face over ObamaCare.

As a top national opinion leader and state chief executive, it's a certainty that the media and members of Congress will look to Governor Haley for input and ideas. We would welcome an opportunity to provide a home state perspective on this evolving complex debate.

Thank you for your consideration,

Trey Walker  
Senior Advisor, Government Affairs  
BlueCross BlueShield of South Carolina
