Subject: Interview Request

Hi Brian,

Following up on our phone conversation this morning, I'd like to see if we could arrange a few minutes for me to interview the Governor next week.

I would want to ask how she feels the recovery effort is coming along one month after the storm. What worked, what didn't work. Was FEMA helpful? Questions of that nature.

I would prefer to do the interview early in the week, but I understand she is busy and could come down any day and at any time that works with her schedule. We are a local station so it would not require all the setup and time of a network program. Even if I could just get a few minutes with her, that would be great.

Feel free to email me back or call my cell: 704.564.8494.

Thanks for any help,
